

FGC LIMITED

L.B. White

With over 40 years in swine confinement heating, L.B. White's Classic and Guardian forced air heaters are proven performers. They offer an efficient direct-fired design combined with a range of heat outputs, ignition configurations and installation options.

They offer an efficient direct-fired design combined with a range of heat outputs, ignition configurations and installation options.

They offer an efficient direct-fired design combined with a range of heat outputs, ignition configurations and installation options.

All delivered with a commitment to service that's second to none.

A dependable and economical heat source.

Reliable, low maintenance design with pilot light or hot surface ignition in a painted steel cabinet and available for liquid propane or natural gas. Hot surface ignition models come with advanced service-saver monitoring.
